Re: Power Purchase Agreement between Duke Energy Progress, LLC
and Cardinal Solar, LLC
Docket No. 2019-__-E

Dear Ms. Boyd:

Pursuant to Public Service Commission of South Carolina (the "Commission") Order No. 81-214, Duke Energy Progress, LLC ("DEP," or the "Company"), hereby submits the enclosed Power Purchase Agreement ("PPA"), executed by the Company and Cardinal Solar, LLC ("Cardinal Solar" or the "Seller") on July 8, 2019, for acceptance by the Commission.

Due to the commercial sensitivity and proprietary nature of the Agreement, DEP respectfully requests that the Commission find that pursuant to S.C. Code Ann. Regs. 103-804(S)(2) and S.C. Code Ann. § 30-4-40(a)(1) certain provisions of the PPA are exempt from disclosure under the Freedom of Information Act, S.C. Code Ann. §§ 30-4-10 *et seq.*

The information contained in the PPA for which DEP seeks protection derives economic value from not being generally known to, and not being readily ascertainable by proper means by other persons who would be able to obtain economic value from its disclosure. Disclosure of this information would reveal confidential pricing and conditions, as well as delivery parameters, all of which are proprietary and specific to this counter-party. Revealing this information may be used by future counter-parties to attempt to set a floor for future transactions, which could jeopardize DEP's ability to negotiate such terms and conditions in a manner that results in the most beneficial contract for its retail customers. In recognition of the confidentiality of the information, the parties to the PPA agreed to confidentiality provisions which prevent either party from disclosing any term of the PPA to any third party without the prior written consent of the other party.

The Honorable Jocelyn Boyd

Moreover, protection of this information is consistent with the Commission's Order protecting similar information in other power purchase agreements in Order No. 2018-162 issued on March 7, 2018, in Docket Nos. 2016-41-E and 2016-42-E (finding that such information should be protected because "[t]he material is competitively sensitive and could prevent the Company from negotiating contracts which are more favorable to the Company, and as a result, more favorable to ratepayers.").

Accordingly, the Company respectfully requests that it be permitted to file the confidential version of the PPA under seal and maintained as confidential pursuant to Order No. 2005-226, "Order Requiring Designation of Confidential Materials." Enclosed with this letter is a redacted version of the PPA that protects from disclosure the commercially sensitive and proprietary information, while making available for public viewing non-protected information. Additionally, we are hand delivering to the Commission and Office of Regulatory Staff copies of the confidential version of the Agreement.

Thank you for your attention to this matter and please let me know if you have any questions.

Sincerely,

Rebecca J. Dulin

Enclosure
